### BOBBY CAR

Price: \$160  
globustoys.com.au

Pre-schoolers can have their own fun behind the wheel with this new Bobby ride-on toy car. The German-made car has rubberised wheels to keep down the noise and be kind to floors. It can be ridden inside and out. It has a solid steering wheel with a wide grip area and can carry kids up to 35kg. Accessories for the car include a car trailer, push handle, tow rope, a siren and a sound starter key. It also comes with a three-year warranty. It's available from toy stores.

### RICOH CX3

Price: \$499  
tasco.com.au

DIGITAL photographers, even beginners, can rest assured they can take quality pictures wherever they go when they have a product like Ricoh's CX3 with them. The new compact camera features a wide-angle 28-300mm lens with a 10.7x optical zoom so you can capture great images no matter how close or far away from your subject you are. Users can take advantage

of shooting speeds of up to five frames per second using the device, which can produce dazzling pictures with 10 megapixel resolution in all kinds of light conditions. The pictures can easily be framed using the sharp 3-inch colour LCD screen on the back of the CX3 — and you can also capture HD quality video at a resolution of 720p.

### NEXT G PRE-PAID MOBILE BROADBAND MODEM

Price: \$89 (includes 2GB of data)  
telstra.com

Staying connected while we're out and about is not something we hope for — it's something many expect.

Whether you're a road warrior or just want to stay in touch from anywhere, the new Telstra Next G Pre-Paid Broadband Modem fits the bill nicely.

Users can connect to the internet and experience fast download and upload speeds of up to 3Mbps thanks to the Next G network's coverage and capacity.

And being pre-paid means users can control their spending and buy extra data whenever they need it without being locked into a contract.

### UNIDEN BTSC 1300 MINI BOOM BOX

Price: \$99.95  
uniden.com

Uniden has taken its knowledge in Bluetooth and produced a product that is useful in and out of the car.

The Mini Boom Box is a wireless stereo speaker that can be synced to a mobile phone and used as a hands-free car kit while you're on the road.

But apart from calls the BTSC 1300 can also stream music from compatible Bluetooth devices like an MP3 player or even a smartphone, which often doubles as personal music player.
